## MORE AMAZING SPECIALS FOR THIS SATURDAY

We find each Saturday's business larger than the preceding one, which necessitates bigger preparations and more goods. Our policy is to serve you with the best merchandise at the lowest possible prices. Whenever we get the opportunity we serve you with the best merchandise at prices even lower than are ordinarily possible, and we keep our eyes continually open for such opportunities—in fact, make them. For the past few Saturdays we have been offering lists of decidedly attractive bargains. We have been exceedingly gratified by the public's response—by its appreciation of values—and we have prepared another such list of items for to-morrow. Read every item.

## Men, Attention!

When Opportunity comes knocking at your door, 'tis well to be at home,—and Opportunity knocks now in the form of these rare bargains.

Men who know the value of Art Tailoring clothes realize the great importance of these savings—every dollar clipped off the former prices is like a dollar found.

A shipment of 85 Men's Suits, which should have reached us in August, arrived this week, and the manufacturers, not wishing to have them returned, have given us a special price on the lot. Therefore we are in a position to offer the most sensational suit values that have ever been presented to the Edmonton public.

REMEMBER, these suits are all made from new fall goods and in the latest approved styles. Come and be convinced.

25 MEN'S SUITS in a range of patterns to please the most discriminating. Regular \$20.00.	SATURDAY ONLY	\$13.95
50 MEN'S SUITS in all the popular shades of cloth, unequalled for style, quality and workmanship. Regular \$25.00.	SATURDAY ONLY	\$17.50

## SHIRTS AGAIN

Another Fine Lot of these NEW FALL STYLE SHIRTS, bearing the trade marks of makers who cater to the HIGH CLASS specialty haberdashers.

## \$35.00 Ladies' Suits \$17.95

If you could see the Styles, feel the

Qualities of Materials, examine the

trimmings and scrutinize the work-

manship of these Garments as you

read this announcement, you would

agree that the valuation which we

place on them is justified in every in-

stance.

THESE SUITS are of the finer

sort, and in styles that will appeal to

women who usually have their clothes

made to order—women who insist

on exclusive styles and the best in

quality.

Natty and up-to-date LADIES' SUITS in all the most fashionable autumn shades of green, grey, blue and black, in hard finished mannish cloth and cheviot serge, all this season's buyings, manufactured on best tailored lines. # A CITY OF RAILROADS Is a Foundation for Industries

## CAMROSE

Has for some considerable time been quietly forging ahead in its industrial activity—warehouses are continually being erected—the railroads are turning towards it with a new vigour. Branch lines are to be seen on every side, thus making it a junction that will in the near future be of immense value to the district around for many miles.

Lots in CAMROSE are steadily increasing in value—the population is growing and numerous enquiries for property are being answered with the result that the demand is

raising land values.

Lots in Camrose have been selling at \$100 and \$125 infinitely further away from the railroad depot than the sub-division we are at present offering.

Property is bound to increase when the town grows and the town is growing.

It cannot help it.

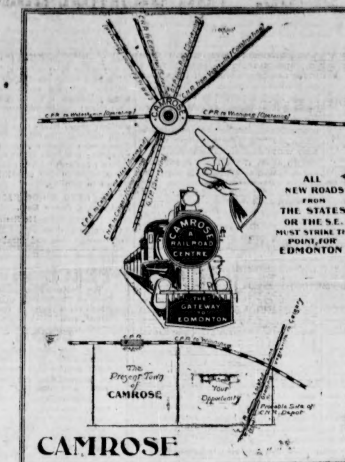

Ladies and Gentlemen, we do not make such emphatic statements in our Press Announcements as the following, BUT with every confidence that we are speaking the absolute truth.

"Eastmount, situate as it is, while from the railroad depot, enjoying the distinction of being surrounded on 3 sides by property that has sold for infinitely larger prices—property that was far behind positively the easiest, best and most promising proposition you could have for outlay anywhere in Canada."

Allow us to advise you today. The auction tonight and make your purchase—you will never forget it.

## CAMROSE

**The Centre of Railways, Coal, Water Supply, The Lutheran Educational System of the West and Finest Agricultural Lands**

Railroads run in 9 directions from this Central Town.

## EASTMOUNT

**Ten Lots to be given away FREE Tomorrow Night at 8 o'clock**

One of the open and delightful sub-divisions of Camrose. This sub-division is to be sold out by us this week. EASTMOUNT is situate within a half mile from the C. N. R. depot; is absolutely high and dry and is in easy walking distance of the three great Transcontinental Railroads which call here. The location of EASTMOUNT shows that it must become very valuable property, as Camrose will grow because it cannot help it. It has taken years for most cities to get three railroads. Camrose has practically inherited these transcontinental lines, besides being the centre of a splendid farming district.

We intend positively GIVING AWAY 10 LOTS FREE to purchasers of this splendidly situate sub-division in order to sell the entire property. The sub-division will be divided into blocks and each block will contain a certain number of free lots. Do you want something free? Think it over.

ROBERT SMITH, the well known auctioneer, will sell this property next Saturday night, October 15th, at 8 o'clock, by PUBLIC AUCTION, with a reserve price of \$25 PER LOT, in the Offices of THE SETON SMITH CO.

**This PUBLIC AUCTION SALE commences Tomorrow night at 8 o'clock. ROBERT SMITH is the Auctioneer. Call in and see some Bargains.**

**Lots formerly selling at \$100 and \$125, will be sold at \$25 each**

### EDMONTON AWARDED THE SECOND PRIZES

President Eckstrom Makes Official Announcement—Edmonton Led by Two Points—Played Three Games, Less Than Calgary, However.

President Eckstrom has gone back to his early summer way of working things. The president's office this time is that of making the official announcement of the winner of the second prize to but one of the papers in the West, and that located in a city not at all concerned over the result. However, notwithstanding this oversight, the announcement is a welcome one in Edmonton as it establishes the Eskimos' claim to the top place in the second series in the

ill-fated Western Canada League. The news is broken by the sporting editor of the Lethbridge Herald, as follows: "After all, Bill Carney's bunch of loaned players did not win the Western Canada League, well known as the Twilight. The season ended very unsatisfactorily for both Edmonton and Calgary, but Calgary claimed to be winners, and that was all that was said. President Eckstrom of the organization comes out, however, and, according to his official figures, Edmonton is winner of the second half of the schedule, his official report showing the finish of the two clubs as follows:

	Won.	Lost.	Pct.
Edmonton	29	12	.705
Calgary	21	13	.615

"President Eckstrom is on his way to Great Falls, Montana, to try to interest three Montana cities in the formation of an international league for the coming season to supplant the decadent old Twilight League.

"It is Mr. Eckstrom's ambition to swing Great Falls, Helena and Butte into a circuit with Calgary, Edmonton and Lethbridge, making three Montana and three Alberta towns on a

smaller and more compact circuit. Great Falls and Helena were corking good ball towns in the early part of the 1900s, and Butte should be a money-maker if the right parties would take hold of the game there.

## THE ATHLETICS LOSE THREE IN A ROW

All Stars Again Victorious—Both Teams Hit Freely, But Stars Were More Timely—Plank Takes a Rest.

Philadelphia, Oct. 13.—Combs, Mack, manager of the Athletics, refused to be interviewed after today's game, which resulted in a 5-3 victory for the All Stars this time by a 5-3 margin. Philadelphia, tried out Krause today in place of Plank, and his work was fully up to the standard of the other Philadelphia star hands, both of whom were touched up freely, allowing eleven hits all told.

Philadelphia's fielding was a big improvement over Wednesday's performance and the hitting was decidedly better, though all the luck in this department was with the All Stars, who played errorless ball. The score:

	R.H.E.
Philadelphia	5 11 3
White and Stone, Bender, Combs, Krause and Thomas and Lapp.	5 11 3

Betting odds on the world's series shortened when a California man sent in \$5,000 to be played upon the Athletics as follows:

\$1,000 against \$900 that the Athletics will win the series.
\$1,000 against \$800 that the Athletics could hit the Cubs.
\$1,000 even that the Athletics could outfield the Cubs.
\$1,000 to \$850 Athletics score most runs.

Camp plungers on the board of trade snubbed up the bats immediately. Warming became brisk, the professional books laying odds of ten to thirteen on the Cubs to win the series. There are many angles in the betting. A flood of Philadelphia and eastern money is expected this week. In the hands several large bets have already been placed, chiefly at five to seven on the Cubs. Three bets of \$5,000 each at this odds are recorded. Little outside money has shown so far.

### 25-YEAR RECORD BROKEN.

Cincinnati, Ohio, Oct. 13.—The world's record for the long distance throwing of a baseball that has stood for 26 years was broken at the first day between the Cincinnati and Pittsburgh National League teams here Sunday when Sheldon Lejeune of the Braves club of the Central League threw the ball 425 feet, 5 1/4 inches, 25 feet, 10 1/2 inches over the old record. The long distance throw event was in a special match between Lejeune and Oscar Fender of Springfield, two previous records was made by Tom Hatfield and was 408 feet, 7 1/4 inches. ### CHICAGO DROPS ONE.

St. Louis, Oct. 13.—Philadelphia isn't the only city that is feeling hot tonight. There is some sadness at Chicago also on account of the Browns taking today's game 11 to 4. The loss makes no difference in the league standing to be sure, but the Cubs made a grand stand finish for their team in order to have their followers on edge for the world's series next week. McIntyre started in to pitch but after seven runs were scored off him in three rounds he was derelict, and Fender, sent in to finish the game. He fared slightly better, but was weakened perceptibly in the final stages, but good fielding saved the day. The score: St. Louis . . . . . 42002211-11 4 1 Chicago . . . . . 20010221-0 10 1

### OHIO SEATS CHAMPIONSHIP

Cleveland, Oct. 13.—Cleveland (Ohio) and Cincinnati (National) teams opened a three game series for the Ohio state championship here today. The result was a win for the American league nine by a score of 5 to 3. Cleveland won by superior hitting. Burns being reached for a total of sixteen hits, five of them in the third inning, in which period Lejeune smashed out a triple with three bags occupied and two men out. This feat completed with the semi-official announcement that he had beaten Cobb in the batting race for the automobile made Lejeune the hero of the city today. The score:

	R.H.E.
Cleveland	5 11 3
Cincinnati	3 10 2
Low, Collier and Adams, Burns and McLean.	

### RUNNING MARSH AT SHORE DISTANCE.

Lethbridge, Oct. 12.—The Canadian sprinter, Murray, who threw down the gauntlet to John D. Marsh after the race on Saturday at the Ball Park, will have the wind-up against him in a long March to a 250-yard dash for a bet from \$300 to \$1,000. Yesterday Marsh got backing to the extent of \$300 by his admirers in Lethbridge, and immediately ordered his horse's man to get a legal agreement has been drawn up by J. W. Ball, and was shown to The Herald. The race is to take place at Cardston on Wednesday of next week. It will be run in three heats, to take place within an hour. The distance for each heat will be 250 yards. Marsh has gained quite a reputation of late as a sprinter, having beaten the local champion, Billy Haynes, and several other of the district best sprinters.

### NEW DISCUS RECORD.

New York, Oct. 13.—A new world's record for the discus throw was made by Martin Sheridan, Sunday, at the fall games of the 19th-American Athletic club here. The old record, held by Sheridan, was one hundred and thirty feet, ten inches and one-half inch. His new mark was one hundred and forty-two feet, two inches. A still longer throw

one hundred and forty-nine feet, eight inches was disqualified by the fact that Sheridan stepped two inches out of the ring.

### TURF.

GENERAL H. GOING FAST. Afternoon—Mr. Pawson's General H., the Calgary testing horse, broke some records yesterday at Lexington. He not only clipped a record off the classic McDowell stake, but also lost his own record by nearly two seconds. A wire received by The Alberta gave the following: "Lexington, Ky., Oct. 12.—General H., the testing stallion from Calgary, today knocked the record of the classic McDowell stake down a full second when he stepped the mile in 2:05 1/2. "It was an ideal day, so warm that a larger crowd was out than usual."

## CASES OF PROVINCES IN SUPREME COURT

A Big Question Started at Ottawa in Which Ontario, Nova Scotia, Prince Edward Island, Alberta and Manitoba Are Interested.

Ottawa, Oct. 12.—In the Supreme Court Wallace Nesbitt, K.C., (Hayter, K.C., with him) on the behalf of the Province of Ontario, Nova Scotia, New Brunswick, Prince Edward Island, Manitoba and Alberta, moved to quash references made by the Dominion government and now pending in relation to legislation respecting fisheries insurance and incorporation of companies, on the ground that British North America did not authorize parliament to constitute a Dominion court for the purpose of answering abstract questions on matters of this kind, matters to which in any event would be accorded and perhaps dangerous and prejudicial to civil rights.

Mr. LaFleur, K.C., appeared on behalf of the Provinces of Quebec and British Columbia, and intimated that they had consented to the reference in regard to the fisheries and were anxious for a decision respecting them and he also appeared on behalf of all Canadian insurance federations for leave to appear, file a facsimile and be heard on the merits of the reference respecting insurance.

## ARE JAPS DETERMINED?

Results of Examinations Made by Military Authorities Indicate Question.

Kobe, Oct. 12.—It is a matter of very considerable importance to ascertain whether the people at large in the country are settling down or weaker, says the Kobe Herald. It is an undoubted fact that when the evacuation of the Wod was introduced into Japan some time after the restoration, the bulk of the younger men devoted their time and money to the study of science in its varied forms and were so earnest as to be unimpaired of their health and, needless to say, the result was that they lost on the physical side that which they gained on the mental side.

Eventually this state of things arrested the attention of the authorities, and alarm being aroused for the physical condition of the people, whose were taken to correct the dangerous tendency. Then foreign students of education were adopted in Japanese schools and great attention was paid to matters relating to drill and gymnastics. This step proved effective and the tendency was checked to a great extent.

## Signs of Deterioration.

It is, however, a matter of regret that while the general progress of civilization still continues, there is still cause for anxiety as to the physical condition of the people at large. In this connection, the Herald states that according to the examination made by the military when proceeding with the work of enlisting conscripts some time ago, in Tokyo signs of deterioration are still evident.

The examinations referred to covered Tokyo, Yamanashi prefecture, and the five islands of Izu province, which are under the jurisdiction of the Asano regimental office, and the total number of young men conscripted was 14,480, showing an increase of about 100 as compared with last year.

The total number of men who were ascertained to be of "A" (the best) constitution was only 2,292, this being a decrease of 153, as compared with last year. The total number of "B" (the worst) constitution also decreased to some extent, so far, so good. It is, however, a matter of regret that the total number of men of "C" constitution (time removed from the work) increased by 221, as compared with the previous year.

## ASTORIA, GRIVING WEEK.

These figures are said to show that the average constitution is growing weaker. In consequence, about one out of five men who are called to the standards are physically constitutionally fit to be taken into the military service in addition to the men of "A" class. This is the first time such a course has been taken by the military authorities in the past.

According to the military doctors, the Astoria platoons, the time is not far distant when a Tokio man will not be able to pass the standard fixed for the first-class conscripts. The fact that they are not fit to serve under the colors is not all for if they are unfit for the life of a soldier it is not likely that they will be able to bear the strain and strenuous inequalities in these days from commercial and professional competition.

## EDISON.

Bulletin News Service.—The harvest is in yet all safety gathered in. Several days yet are well filled with sheaves. Most of the sheaves, however, have reached the grain is of good quality and yield.

The weather has been varied here. Rain was very abundant after Japan had not given over its visitations yet. It has, however, hindered the storing of the harvest. Sheaves get wet and almost as soon as they are dry enough to stack they were wet again. The ground got too wet for digging potatoes. It was impossible and disheartening work. Yesterday it snowed all day and the morning there were white spots on the ground and of course the sheaves soaked and wet. It is feared to be hoped that the Indian summer will come soon.

Frank Westgate has come home from the railway grading work.

Frank Edgson is still at home attending to his harvest work. He expects to finish this week.

Rev. Jas. H. Innes came home from Port Saskatchewan shortly and leaves tomorrow for Southern Alberta for the winter, taking charge there of one of the fields of the Presbyterian church. The case of protest against the election of C. M. Paine as councillor is called for this week. The election was held on Monday and resulted in his being elected. The protest was presented, but has not yet been decided. It is not long to January when the annual election takes place. Mr. Tait has acted as councillor all the year and has had a satisfactory.

## DIED WHILE TRYING TO SAVE HIS FAMILY

Fire in King's Hall Building, Monday, killed seven persons—burning house by firemen.

Montreal, Oct. 12.—Seven lives are believed to have been lost in the fire which destroyed the King's Hall building on St. Catherine street early today. Five bodies have been found.

The dead are: F. Whittall, night watchman, wife and two small children, and Charles Thresholt, Boston, Mass., manager of a hotel. The missing are: Harry Huxford and an unknown negro, employed in the building.

After a thrilling rescue of four men from the fire, the firemen soon after the blaze was overcome, it was supposed that all the occupants had escaped. It was not until this afternoon when relatives made inquiries for the victims that the rains were quick and the homes.

Watchman Whittall died while trying to save his family. His body was found with his two children clung in his arms while nearly was in the body of his wife.

The financial loss is one hundred and fifty thousand dollars.

## CHICAGO GRAIN MARKETS.

Chicago, Oct. 12.—With Minneapolis, while appearing to shut down for the week and with much cash wheat carried over unsold in St. Louis and Kansas City, all cereals suffered in price here today. The break in wheat was to the lowest of the month; furthermore, the limit was weak. Considerable buying force had been temporarily in evidence. Strength shown at Liverpool forming the basis but the bulge did not move well and it was asserted that a leading Chicago operator owned the greater part of contract stock at the English port. Then came details of unfavorable reports as to the Argentine crop outlook. Almost simultaneously Canadian grain yields were given an increase over previous estimates and there was information that Northern western stores of wheat had been heavily enlarged this week, about one million and four hundred thousand bushels. As the hours passed selling great in volume and was little affected by dry weather reports in the winter wheat belt. Many early buyers were forced to sell out under the bear pressure before the final tip of the gang. There was a good deal of covering by shorts early but after they were settled the market gave way with wheat.

It is two seasons since oats have been down to where they sold today. Fresh short selling, and absence of

support were the immediate reasons. Eastern demand is poor.

AH!

## Did You Know

That we have made arrangements to finance the first three houses that ARE NOW BEING ERRECTED ON "THE HIGHLANDS."

The builders of these homes had to pay ten per cent. cash only and the balance extended over a period of time suitable and convenient.

"THE LAND YOU HEAR SO MUCH ABOUT"

Now that we have your attention we just wish to offer you—ladies or gentlemen—a very cordial invitation to join us in a free ride to "THE HIGHLANDS" tomorrow. We want you to see this beautiful property. The Special Car will leave Twenty-First Street at 2.40 p.m., returning in good time to enjoy a hearty supper. Come along and bring your friends.

## We Will

Go further still, now, and are prepared to finance the next 7 houses to be erected on this beautiful sub-division. Will you be amongst them? All you have to pay down is 10 per cent. and we will arrange for the balance. Think it over!
